Governmental Affairs:

GA SUCCESS: PA WILL NOT ADOPT 2012 ICC CODES

After considerable discussion and debate, the UCC Review and Advisory Council voted today (11-5) to NOT adopt any 2012 ICC codes in Pennsylvania. The Council is now charged with writing a reporting to indicate this position to the Secretary of Labor and Industry by July 1, 2012. The result would be that the Pennsylvania UCC remains at the 2009 codes for another three years. Additionally the RAC voted to send a recommendation to the legislature further amending the UCC to extend the code adoption cycle from every three years to every six years. This is another HUGE victory for PBA members! Act 1 of 2011, which was championed by PBA, made significant changes to the code adoption process. Those changes in the law were an important factor with regard to the voting process.

Are You Interested in Attending an OSHA Fall Protection Seminar?

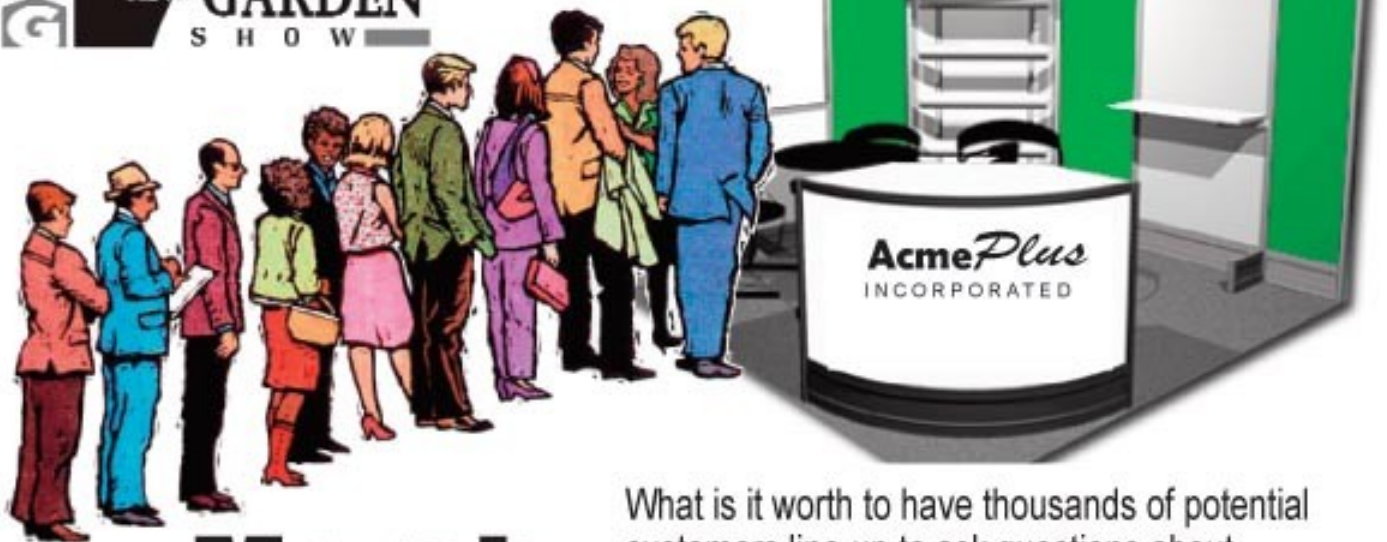

The BBBA is looking to co-sponsor a Fall Protection Seminar with the Indiana/Armstrong Builders Association. The cost would be approximately \$100.00 per person for a two hour program and includes the training materials. The seminar would be held from 4pm until 6pm. We still need five members from the BBBA to participate in this seminar. If you are interested, please contact us by phone at 814-693-9710 or by fax at 814-693-9712. More information to follow based on show of interest from our Members.

***If you know of any topics of interest that you would like to have discussed at our General Membership Meetings, please contact the BBBA Office at 814-693-9710 or by email at**
